Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Tuesday 26 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Windy with rain easing in the afternoon.

Today:
Quickly turning wet and windy first thing, with strong gusts developing through the day. Rain turning lighter and patchier in the afternoon but remaining cloudy. Feeling milder than Monday. Maximum temperature 17 deg C (63 deg F).

Tonight:
A very windy night with frequent gusts and the risk of near gales along exposed coasts. Feeling very mild under cloudy skies throughout, with some drizzle over higher ground. Minimum temperature 12 deg C (54 deg F).

Wednesday:
Heavy rain arriving in Cumbria first thing and persisting for much of the day. Turning wetter in the south through the afternoon. Remaining windy and gusty but also mild. Maximum temperature 17 deg C (63 deg F).

Outlook for Thursday to Saturday:
Remaining unsettled and breezy through to the end of the working week with further outbreaks of rain, heavy and prolonged at times. Drier and feeling fresher on Saturday.
